

# THE COLLEGE OF HEALING

## Greetings from The College of Healing Membership Association

Hello,

Thank you for your interest in joining us as a Friend of The College of Healing Membership Association.

Although our prime function is that of a professional association supporting and enhancing healers' practices, our second aim is to provide a place, a Forum, to meet and share ideas and to grow together.

We welcome as members or friends those who have trained with The College of Healing or with other Healing organisations, practicing Healers and 'retired' Healers, who would like to have the opportunity of keeping in touch with fellow Healers. As a friend you receive copies of our newsletter and regular mail shots by email, plus exclusive access to our on-line Members' Forum keeping you up to date with news about courses, news about our members and news from the Healing world as a whole. Though we would like to offer this service free of charge you will hopefully understand that we need to make a charge of £15 per annum to cover administration costs.

Anyone who is interested in finding out more about the Healing world and would like to support the work we do within the Healing community is most welcome to join us; this is where your help as a Friend is very welcome. The more people who subscribe to what the healing world stands for the more people will hear about Healing; it's the power of numbers.

The aims of our Professional Association are to;

- Give support and enhance professional Healers' practice
- Provide robust professional support in all professional association matters; offering professional insurance
- Provide a 'Find a Healer' page on our website
- Provide the framework for peer supervision and mentoring
- Offer community and sharing; provide a 'forum' where professional Healers, voluntary Healers, 'retired' Healers and any other individual who supports healing and the healing world can meet to share ideas
- Provide quality CPD (Continuing Professional Development) courses
- Support the creation of regional groups

A Charity concerned with the advancement of education in healing.  
Registered under the Charities Act 1960. No. 519085  
College of Healing Ltd. Registered in England & Wales: No. 214527

- Provide workshops for those interested in healing
- Network with other healing organisations and their members
- Collect and share case studies and research papers
- Support the work of The College of Healing

As our brochure explains you can see that not only do we offer support as a professional association but also a place to meet and share, our 'forum' is just as important. In these times of the internet it is so much more possible to meet and share without actually getting into our cars!! We love to support groups which develop in local regions who meet physically as well.

This organisation is as informal as possible whilst being rigorously professional, organised and friendly.

Please see your application form enclosed. There are numerous benefits in joining The College of Healing Membership Association. In particular you have the opportunity to join in with local regional groups and local workshops; helping you to feel a part of the healing community. Your support will also support The College of Healing which trains Healers to a high standard.

We look forward to welcoming you to our friendly and professional organisation and we wish you every joy and sense of peace on your healing journey. Whatever that journey is we hope that your time with us as a Friend will offer you further insight into the healing world and fulfilment in your life ahead.

All the very best to you,
